

Scott Haywood

HFM

HAYWOOD FINANCIAL
MANAGEMENT AND PARTNERS

I am passionate about providing my clients with options and solutions for their financial needs. I got my passion for finance in my youth from my Father and looking at the markets in the daily newspapers. I graduated with a Bachelor majoring in Finance then a diploma in Finance, and became an Authorized Representative in 1997. In March 2000 I became a Certified Financial Planner. Since then I have become a regular media commentator on finance and in July 2011, I was honored to win the Rainmaker Financial Planner of the Year in the Marketing category, an industry voted award.

Whats My Attitude Towards My Clients.

**I will give you Money Advice That's All About You -
no matter who you are or what you do.**

Approaching Scott Haywood for financial advice is the best and most stress relieving choice my wife and I have made when it comes to money. Scott is so much more than just a numbers man.. His ability to understand our needs and beliefs has bought about a partnership that has morphed into a friendship. I highly recommend Scott to anyone seeking advice, it will only take 2 minutes to realise you've found the right person. After all, he is 'The Finance Guru'!

**Chris and Jane Jones,
Port Melbourne**

Just a quick note to say thanks for putting me in touch with Scott Haywood.. we were thinking about moving, which wasn't really our first choice because of the kids, but we think now that it is possible to stay here with the changes Scott has made with us along with a review of our budget...it was practical and he made it simple for both of us to 'get it'.

**Nicole Livingstone and Marty
Smith, Melbourne**

Scotty Haywood is like that brilliant mechanic, doctor or butcher you always hang on to. once you have dealt with him once, you will never let him go. I first dealt with Scott six years ago and have been hanging on to him ever since. He has taken me from a positional of financial uncertainty to one of stability and growth. From a disorganised, misdirected approach, to a rational, forward thinking solution.

Mark Howard, Barwon Heads.

Research conducted in July 2010 by the AFA (Association of Financial Advisors Ltd) shows that those people who seek financial advice have a greater level of understanding of their finances, are happier with their investments and recognize that the benefits of financial advice and expertise. Are you ready to employ a financial coach to create wealth and secure your financial future?
